

HOW DIGITAL IS YOUR CONCIERGE?

PropYoda is redefining real estate management with AI driven cloud hosted platform, increasing productivity and digitising multiple services for residential and commercial estates.

Visitor Management System from PropYoda digitises your concierge, doing away with requirement of onsite ID scan by concierge, eliminating the need to fill forms or printing of bar codes.

The platform reduces costs and compresses visitor queue time to zero.

Get started within a day with NIL upfront costs.
